Alcune persone stanno decidendo dove andare in vacanza. Leggi attentamente le seguenti descrizioni e decidi quale soluzione è la più adatta per ciascuna delle persone di seguito elencate.

A) **The Mountain Hostel** is in the middle of very high hills and can be reached only by car. Without telephones, computers or television, this is an ideal place to relax. All meals can be provided, but the hostel also has a kitchen for guests to cook if they wish to. There are daily guided walks to see the local wildlife.

B) **The Four Seasons Hotel** is in the hills but within walking distance of the railway station. It has a restaurant which serves breakfast, lunch and dinner, all cooked with the best local produce. The area is good for fishing and riding, and the hotel organises tours to see birds and rare plants.

C) **Jeremy's Guest House** is in a beautiful valley in the hills. Riding, tennis and golf are all available locally and the owner, an expert in mountain climbing, organises walks. The nearest village is ten km away, but the guest house offers everything you may need, including all food, theatre performances by a local group and free access to Internet services.

D) **The Farley Guest House** is on the sea front and all rooms have a view of either the beach or the hills behind the hotel. A number of sports are available, including surfing and tennis. Breakfast and lunch can be provided on request. There are a good restaurant, a cinema, and an Internet café nearby.

Sebastian wants to stay in or near the hills. He wants to climb some of the highest hills but needs an experienced walker to accompany him. It is necessary for him to contact his office and family on a regular basis.
